A technical drawing showing a bolt and nut assembly. The bolt is shown in a side view, passing through a nut. The nut is shown in a cross-sectional view, with diagonal hatching indicating its material. The bolt has a hexagonal head and a threaded shank. The nut has a hexagonal shape with a central hole for the bolt. The drawing is labeled with 'a' and 'b' at the bottom, indicating different views or components.

A technical drawing of a circular mechanical part. The drawing shows a front view with a central hole and a rectangular slot. The part has a circular outer profile and a circular inner profile. A rectangular slot is cut into the right side of the part. The drawing includes a horizontal centerline and a vertical centerline. There are three small circles on the outer profile, one on the left and two on the right. A leader line points from the top right corner to the outer profile.
